Summer 2015

THE THINGS WE DO!

Since we don't make "widgets", sometimes it's kind of hard to explain what we do, so I'll take a crack at it!

Our **Central Station** provides monitoring for fire alarms and security systems, and operates 7 days a week, 24 hours a day. All of our operators are certified by the Central Station Alarm Association (CSAA), and we are UL Listed, Factory Mutual Approved, and a CSAA Five Diamond Central Station!

Our **Fire Protection** team installs and services portable fire extinguishers, kitchen hood fire extinguishing systems, and fire suppression systems for data centers and industrial applications such as heat treating equipment. We provide equipment from Amerex[®], PyroChem[®], Fike[®] and Notifier[®]

Our **Technical Services** team installs and services access control systems, closed circuit television systems, intrusion detection systems and fire detection systems. We provide equipment from Honeywell[®], Vanderbilt[®], Bosch[®] and Notifier[®] with factory trained technicians.

Our **Test & Inspection** team tests and inspects fire alarms of all types and brands, with our licensed technicians. We utilize Building Reports[®] barcoding to provide accurate information about each component of a fire alarm system.

And of course we have our **Sales Team** and **Office Staff** to facilitate system design, drawings, project coordination and all the other fun stuff to make sure our customers are satisfied with our services.

POLICY UPDATE

We are changing our policy on AC power loss signals for residential customers, and unless you request otherwise, we will not call you for an AC power loss signal between 11pm and 8am. If you would like to be notified during those hours, please call Tammie or Tracy at (800)283-3659.

WELCOME ABOARD!

Dave Kivi has joined our team as our Technical Services Manager. Dave started his career in the U.S. Navy, and has over 30 years of experience in fire and security systems. Dave has worked as a field technician, job foreman, general foreman and project manager during his career. Dave is taking over from Gerry Soules, who after 40 years of employment is transitioning toward retirement in the next year. We are pleased with the skills and experience Dave brings to the job!

IS YOUR CALL LIST CURRENT?

Please be sure the information you have provided us for contact persons and phone numbers is still current. We are actively working to make sure we have current cell phone numbers as well, if you have changed personnel or phone numbers for your call list, please help us update our records. Please contact Tracy Morgan at tracymorgan@safetysystems.net or (800)283-3659 to get a copy of our call list for your account, or to provide updated information.

“QUARTERLY QUOTATION”

“We've all heard that a million monkeys banging on a million typewriters will eventually reproduce the works of Shakespeare. Now, thanks to the Internet, we know this is not true.”

— Robert Wilensky

ACTIVITY STATS

Our central station alarm activity for April, May, and June is as follows:

- **Burglaries:**
 - Commercial..... 3
 - Residential..... 0
